My dear & kind General

I have just now  
returned home from  
a visit to the Westland  
and find from our  
Programme that you  
will show & explain  
to the members your  
work at Overne. I  
am glad for two reasons  
first because it shows  
you are able to do it so  
secondly that we shall  
have the advantage of  
hearing from your own  
lips (on site) the  
details of the excavation

You have so carefully  
& laboriously made  
last year.

You will be glad to  
hear I am getting on  
with the examination  
of Chamber Ditch by means  
of Zonal Staps. I look  
forward to receive the  
report from you. I have  
made my intelligent  
keeper show foreman &  
as happily there is little  
trouble arising to the foreman  
of parties per. he will be  
able to keep almost a  
perpetual eye upon the  
men. I shall be glad  
too as often as possible  
when the ditch is washed

It is sad to think that  
you have been  
kept away so needlessly

I remain  
Dear friend affectionately  
Yours  
H. Marshall - Heydell

I am ready up for an  
address to the Devon County  
and day ~~was~~ protestant  
Union. It is disgraceful  
how the S. and M. are  
meeting the City with  
their view of retrogression,  
superstition & tyranny!
