My dear & Kind Friend

No one can be more
grateful than I am
to you for your words
kind & firm of you &
the living of Sturminster
Newton & my son. It
appears a Persecution
dissemination I can
scarcely realize the possibility
of his being brought down
from the midland to
to live within an hour

discuss. You will
find him as grateful
as I am. You may
depend upon his
doing nothing more
than fulfil his parental
duty without burrying
himself about matters
outside. I do not interfere
with any Parishioner
who enjoys the pleasure
of the dance, or with
the kind & philanthropic
intentions you provide
for the pleasure of so many
altho' I am what is called

a Puritan I never
advocate my views on
the principle that every
one should be his own
conscience. I often counsel
people for criticism of you
I have forwarded many
your letter. Mrs. Holt
never readily asked to
be taken when he
came. Unfortunately he
died very soon
I have an engagement
at Hampton which will
keep me there until
a children school here!
With thanks for your kind
letter this morning

I am affly
yours
Richard H. H. H.
