My dear General Pitt Rivers

What are you  
intending to do about  
The Cornis Station  
I have received enquiries  
about supporting Sully  
and Monty Junt  
I prefer the first as he  
is a true man full  
of talent & of a good  
family and I should  
think not too far from  
his political views  
Yes he is an Irish  
Landlord and likely to  
know the us & outs of  
Parrell & his crew.  
I do not relish the idea of

planning the honor robbery  
of our country & the blood  
of rebels who hate us with  
mortal hatred. I believe  
is stamping the country  
telling the Union that  
some work is an act  
to be carried as the sun  
will see on the ground

I look upon him as a  
perfect syphiant &  
glad to see & also Edward  
Porter drawn into the  
Victor. We must do all  
we can for to depend  
him. I think we shall  
do so. Please give our  
very kind remembrance to  
Mrs Pitt-Rivers & believe me  
to your  
C. Mansel-Pleydell
