My dear Sir

The parcel containing your four volumes has just arrived and by your subscribing my name in each volume I see you make me a present such as I cannot enough thank you. I value your kindness immensely and I feel sure that by a careful

study I shall gain great
advantage which I hope to
be able to practically apply
some day in excavations.

Thanking you again for
your very great kindness
in giving me so valuable a
work. I am dear Sir
yours truly
