My dear Pitt Rivers

We are off to Egypt  
in ten days' time - Is  
there anything that  
I can do for you there?  
We shall probably get  
up as far as the second  
cataract - I saw Sir John  
Lubbock last night and  
I was sorry that he could  
not give a better account  
of your health - I hear  
that the 4<sup>th</sup> volume of  
your excavations is out  
May I venture to make  
application for a copy

or is it "dans le commerce".

With our united kind  
regards, believe me

Yours sincerely,

John Evans
