BENTCLIFFE,
ECCLES,
MANCHESTER

July 3rd/88.

Dear General Rivers.

I am much obliged
for your letter which has
naturally pleased me. I find that
my scuttling in the Times lately
has been generally approved and I
had a long conversation of 4 hours
with John Bright, who takes the
same line. I hope you will like
my "Wannoth" book which is
now being rapidly printed.

I think you will find a large
number of curious facts & perhaps
you may be in unison with
some of its conclusions.

I have let my house here
and we are going to London
on the 14th for 6 months. We
have taken a house at 9. Hereford
Square. South Kensington where
I hope we may see you. I hope
also I may sometime have
an opportunity of a ramble
with you over those ^{Waltham} ~~Down~~
Earthworks and mound
which you know so well.

With you give my best regards to Mrs Pitt Rivers
with all the good wishes of the season.

Yours very truly

Henry. H. Howards.

General. Pitt Rivers.
