

Rectory July 9/86 (1232)

Dear General Rivers;

Monday is my  
birthday. at 55. I want to  
take the Sunday school  
children to the Larmer  
to give them a small  
treat - also some of <sup>5</sup> old  
women - I presume there  
will be no objection -  
Don't trouble to write  
please unless you object.  
The weather has been  
most favourable for this  
has - I long to get to

Town for a day or so  
to see the Exh.<sup>n</sup>

Will you please tell

Mr. Rives that Bennett  
is going to Salisbury  
tomorrow to fetch his  
wife? - Nothing is yet  
settled as regards

Norris' house - I hear  
that 2 or 3 people  
wish for it - Our  
united kind reg<sup>d</sup>.

Yr. very truly  
Geo. A. Waterfall

I fear you have not  
yet seen a Lecturer  
that pleases you?
