My dear General

Very many thanks
for so kindly sending me
the 14th vol. of your acct
of the Excavations upon
Crabtree Chase - it is
a splendid book & I much
enjoy perusing them.
What an immense amount
of work you have done there.

I enjoyed reading of
address to the Archaeological
Inst & only wish I could
have been at that meeting.

I have lately returned
from Egypt & obtained
some fine flints - knives
arrow heads &c finely
chipped - also stone
mace heads & other
things belonging to the

earliest period of their
civilization.

Liepke Evans is out
there now & expect will
bring home some good
ones & coins

With best regards &
renewed thanks

I am

Yrs sincerely
H. Hiltoubrice
