Dear General Pitt-Rivers

The 4th Volume of
your elaborate & valuable work
has duly reached me & I am
very much obliged.

I should much like to have
the 2 unbound Volumes, if you
first, bound exactly like the
two last, with the designs
copied from the curious ^{tablets} ~~list~~

of Himmerudye shale you discovered
on the cover, but that of
course involves your permission
to use the stamp.

To ensure the binding being
alike, it would be well to
employ the same bookbinder
& I shall be much obliged
if you will give me your
permission to do so, & to

use your stamp for the covers
- If you will kindly lend his name
- I am your friend
Yours truly,
Wm Allen Brown
