

Manisty
Ans. Feb. 10/99.

L2350

Mr. H. Clayton Manisty
begs to thank General Pitt-Rivers
for his letter of the 8th inst.

Mr. Manisty foolishly did
not register his letter posted
some weeks ago from here
addressed "Puskhane, Dorset"
(Hayling Island) & enclosing
a Roman coin in good state
of preservation bearing a Roman
head circled with laurel leaves
on one side & several letters
on the other "VOT." in the centre.

Mr. Manisty is making -
inquiries but fears nothing
can be made out satisfactorily.

Mr. Manisty had fully intended
to leave the coin in person,
when residing in Wiltshire
last & had obtained the
coin within two miles of
Salisbury by mere accident.

Mr. Manisty would be -
extremely obliged if General
Pitt-Rivers would instruct

his Clerk to kindly send
him a "guide" which he saw
when in Wiltshire and will
remit stamps on learning
the amount. To J. R. R. R. R.
The guide was written
by General Pitt-Rivers.
