WHATCOMBE,  
BLANDFORD.  
—AND TELEGRAPH—

March 6. 1859

My dear & kind General  
My son tells me  
is assuming infallibility  
that by episcopal  
intuition he can doubt  
questions without even  
a giving the appearance  
of respect to persons  
an opponent of stating  
his case. By some law  
enacted? The new  
incumbent is required  
to state any objections to  
the American Tariff  
Report within 10 days  
of its receipt. Within that  
period he may send in 2  
objections & both copies to

to the gates. The bishop  
in the most acute & critical  
matter decided after con-  
sulting into the question  
decided that they were  
not on the Glebe land  
but did not say how he  
had arrived at the  
conclusion. He leaves  
the issue upon you without  
saying you or my son  
any opportunity of coming  
to a decision. I shall  
have returned the State of  
Irregularities from the  
credibility of plain the  
drawings in a paper  
condition & send it up  
my son. The paper are  
said to be a most scandalous  
manuscript but see connected  
together with great accuracy

making the drawing very  
incomplete & dangerous in a  
sanctuary point of view  
I have drawn up a statement  
which my son will deliver  
to the (rector for the Bishop's  
Secretary Mr Volgate.  
We should like to know  
your opinion about the  
site of the gate whether  
you consider they are or your  
property or the Glebe  
I don't believe Mr Dowdell  
has left any mark in the  
parish, so my son will  
have very easy work in  
investigating himself with  
the assistance of his near  
Parishioners. The Ecclesiastical
