

Phillips.

22673
Rodwin Ave.,
Providence,
Rhodes Island

March. 6. 99.

Dear General Pitt-Rivers

By the above
address you may observe that
I am no longer living at
Woodcote, after serious consideration
I decided to accept my
present tenancy of Provington.
The country here is very
interesting from a picturesque

point of view and also from
an archaeological aspect.

I have met with many
ladies and gentlemen who
are interested in the remains
of past civilization and I
have endeavoured to give them

some idea of the splendid
work you have done and
are doing, on behalf of science,
on your property.

Would you kindly lend me
one of your Books that

I may show them your
scientific method of excavation
and system of recording and
classifying results of same.

I believe this is almost virgin
soil for the excavator. Offa's
dyke passes through our Parish.

Hoping your health is improving
and that you will be spared
many years to carry out
your researches, with kindest
regards to Mrs. Pet-Rivers,

your family and yourself,

Believe me, Dear General,
to remain

Yours very faithfully,
J. Treharne Phillips.
