Dear General Pitt Rivers

We are very pleased that you can spare the 6th to come over here. But we think it would be much the better plan if you could come down on Thursday evening so as to have the clear day on

Friday. If you will kindly
make allowance for the sort
of accommodation we can offer
we shall be delighted to give
you a bed. A train leaves
Leeds at 11. at 5. & sets
out at 6.15. Another leaves
5.45 & another at 7.48
but these are both slow trains
If you can be helped you will

come by the 5.00 train.

I am D^r truly

Emily Menox Trench
