My dear Sir,

Dear Sir,

The ed. of Kinnear's Handbook to Dosages & Prescriptions upon which I have been engaged is now out & I have asked the publishers to send you a copy which I hope you will accept with my best thanks for your kind assistance.

Pray pardon its shortcomings; no one who has not had to do with such a book knows how difficult it is to avoid errors - Whilst I have been down here - I leave a note

I have been for a three times to Cerne & hope you will pardon
me if I draw your attention to the condition of the "Giant"
which is now almost invisible from the road & probably
wants a demerit.

I am,

Yours very truly,

Arthur C. Wheeler.
