May 20th -

My Dear Father

Nutter is the only
person to whom I have
told anything about my
self - except to my
mother the other day in
a letter D. Anderson
wounded me of the Brewery
which I have had ever
since I had Rheumatic
fever - There always has
been a more or less hatred
spite shown towards
Nutter between by certain

members of my family
I think she must be
an exceedingly clever & be
able to keep her temper
as she does -

as far as I can judge
every one that I know
of outside my own family
thinks her an exceedingly
agreeable person -

Yours affec^{ly} son
Alm Pitt.
