My Dear Father

As I told my
mother when we were
beside a Bunt always a
Bunt, a man may
go on living to a 100 with
a bunt as far as that
goes it is only a question
of chance - I have never
felt it so I did not
remember till I was told
Mother does not mind
chaff it is only the

Stories about me that
are made up ~~about~~
by brothers & sisters,
(I want to be funny?)

We are both quite certain
that a 1000 a year rent
would not compensate
for not having a home
of our own, which was
one of the things we
expected you were going
to give us. but if we
are to be ~~very~~ poor

we would much rather
live when we are not
known - somewhere
near London -

Yours affectionately
Eliza Fitch.

We intend to make
leaves by our drawings
before long -
