My dear Sir

The Handley people
are very anxious to have
a clock placed in the
Church Tower, and my
intention is to have a
meeting of the parishioners
in order to ascertain from
them how far they are

prepared to subscribe
towards the cost. In the
mean time I venture to
write and ask you if
you will kindly promise
a donation, and also if
you can spare the time
to attend the meeting
and take the chair?
The expense of the clock

itself and putting it up
in the tower would amount
to about £90 or £100.

With kind regards

Believe me

Yours faithfully
