Having seen Alice very improper letter,  
I think it advisable to put the whole  
matter into writing as it has presented  
itself to me.

There was ~~an~~ a tacit understanding  
which if not expressed was not questioned  
by any one that Alice's Museum should  
be equal to Agnes's it was so & the  
cost amounted to 380 to Miss Seward.  
After this I ~~had~~ heard she had marked  
bills before her marks to the amount  
of 40 to Miss Seward she had no right to do  
having had a regular allowance. I  
had not heard of these bills before  
and did not think I ought to pay  
them without remonstrance because  
it is a settled matter in law that a

Father is not compelled to pay his  
daughter's debts incurred before her  
marriage.
