

It is a good thing to
have two things,
as for say, but it is
not a necessary one
an army education
does not fit a
man for much
career after. do it
if you like.
I should like for us
to settle down in
the country & for

My dears General
I telegraphed to you
after I received the
first telegram from
a brother officer of
Willy's to say "Willy
well" - word to come
I just received one
from Willy himself
from Cairo saying
"Detained here for a

few days. Letter
of post quite received
on duty. please.
uncertain" - so that
a great relief to all
of us. If you do not
mind may as well
not think for a
wrong about Colley
being delicate.

He looks thin & pale
sometimes but
think he is being
very - I do hope
he will not have
bleame the Army
before he is 48. If
to h. time I hope
he will command
a battalion -

Will be close to the
with horse breeding
or. That sort of thing
it would be a
nice life for the
children. But of
course - this - all -
depends on what
happens when
he leaves the Army.

And he may not
have got command
of a Battalion
I hope he will
soon come home
& be with us all
again - p. day off
