HERLEY PARK
HERLEY ON HANTS
SOXON

1896

I'm also so interested
 about your group
 the gate in larvae.
 Does it go all right?
 I hope you are getting
 stronger - we had
 a splendid appeal - was
 a real cheer. Here pamphlet on
 yesterday. The best
 that has been known was so
 for years - a real
 best day today.

My dear General.
 Sir Allan Mackenzie
 was reading your
 pamphlet on
 Bushmore etc. and
 was so interested
 that you said
 the red deer &
 Japanese deer.

Best love
 P. V. A. Blount

THE LIBRARY OF THE
MUSEUM OF COMPARATIVE ZOOLOGY
HARVARD UNIVERSITY

had been crossed.
He wants very
much to know
whether you have
a specimen in
the Park - He has
a lovely deep park
of red deer & is

going to get some
Japanese deer.
But he understands
they would not
cross - Will you
let me know
about it. He has
you have a live
specimen - at
Buckhurst -
