Dear General

The Parents of Mrs  
Beaumont say they cannot take  
less than £70 if ~~they~~ but for  
that price they would have it  
delivered at Sturminster Newton.  
They could let you have it  
for £65 at Messrs Woodwood  
in London; but then you would

have to pay the journey down  
here. So don't you think it  
would be better to have it for £90.

Will you write to me & say  
that we may have it; for I think  
that it is really worth the money  
& we will like to see it in the  
drawing-room when you come. It  
is not an ordinary grand piano  
for it is all metal; & we are  
convinced to have it; and we don't

say you would give it to us.  
I hope we will not forget that  
we promised to come to us &  
open our Bazaar on Sep 10<sup>th</sup>  
& to let us have your band.  
The bills are being printed &  
every body says that your opening  
it will be a great attraction.  
I hope you will write by return  
& say we are the piano so that  
we may see it in the drawing  
room when you come

My dear Clara

We arrived here  
at 1 o'clock today, and  
leave for Bonneauville  
tomorrow. I will write  
you from there. About  
my Peasos  $\frac{1}{2}$  is the  
lowest price that we  
can take for it. We

Thought it well over,  
and decided to let it  
go for that price, only  
to Mrs Pitt, she being  
your friend. In fact  
the same terms, as in  
my previous letter to  
you, or £65 delivered  
in London, at

Mess: Broadwoods.

With love.

Yours affectly

Jas
