Dear General Pitt-Rivers

Thank you very much  
for your kind letter. I hope  
some day I may have an  
opportunity of returning to  
my old neighbourhood;

where I had so many friends  
and interests.

You may perhaps be interested  
in having a few photographs  
which I have recently taken  
of the cliffs at Beachy Head,  
- they are meant to illustrate  
by the aid of lantern slides

a geological lecture on the  
subject. One photograph  
is of the escarpment near  
Wilmington, on which is  
the long man, - it may  
be of interest to you as  
it is the only one besides  
your's at Corne Abbas.

" " "

The Long man, cut out on  
the north Chalk Escarpment,  
near Wilmington, Sussex.
