Dear General Rivers:

The contract is that the bells shall be ready in 2 months from the 31st of January so that they will be just in time - but I will write tomorrow & hurry them.

I inclose an extract from the Sat: Journal of Sir J. Fox's liberal meeting - you may not have seen it
Yours truly
J. H. Waterfall

I have asked Tom Staples who occupies the piece of ground you were speaking about & he says "he does not care to plant it again as nothing will grow there" This is included in a small piece of ground all through on the other side of the road & it is Mr. Stairs but I don't know whether anything can be done - Mr. Reed is known - Staples is quite willing to give it up at once.

Dear General Pitt Rivers.

May I beg you to
to request your Paupers to
send my G. A. papers without
further delay? Several
messages have been sent
by myself & Mr. Bedford
& W. H. so unpleasant to
have my letter come in
such a very dilapidated
state. than I feel obliged
