Dear General Pitt Rivers

I must write a line to
tell you how very much
interested I have been
in reading your book
about King John's House
Some how when we were
talking about it I did
not realize it was that
house and I must apolo-
gize to you for my stu-
pidity in saying you

had not given it to me
I thought it referred to
another place and did
not associate the two
houses together as I
ought to have done -
The likeness in some
of its features to Acton
Burnell in Shropshire
of course lends addi-
tional interest in the
old "Lodge" to me -
I must thank you

again for all your
kindness in showing
and explaining to us
your most valuable
Museums - in
which I should like
to spend weeks in-
stead of hours -
With our united kind
remembrances,
believe me Sir, yf.
Frances Baldwin
