Dear General Pitt-Rivers

I am so anxious
about the election of
Mr. C. A. George at the
Hospital, that I venture
to write to you again on
the subject. He is in my
opinion far superior to
his only rival, & being
a thorough gentleman
will be a great acquisition

to the Hospital

The polling papers will
be forwarded to you very
shortly: I earnestly hope

you will support Mr. George

If you sign the polling
papers & send them to

me I being a Governor
can present them at the

General meeting: I feel

sure that nearly every
member of the Committee

is in favour of this
Candidature

I remain

Yours very truly

A. E. Mansel
