The Close - Salisbury
July 5.

Dear General Rivers

I send you the
impression of a
deal in the possession
of Canon Whiteford
(Theological College) here
& of which ring he
can give no
information, except
that it was picked
up in the Desert, &

that it is Sapsalians
older than Persians
400 years B.C. ? perhaps
you will give me
more information
or at least excuse
my troubling you in
the matter. I hope
you are able to
enjoy being in the
country again &
that you have better
accounts of Agnes
Geraldine. Walter
was here yesterday
after being ^{summoned} on the Grand
Jury. Yours sincerely
Herminette H. Carey.
