Dear Sir

I notice that your 4<sup>th</sup>  
volume of "Excavations at  
Rushmore" is lately published.  
Perhaps you are aware that my  
husband W. A. C. Haddon is  
away in Torres Straits on a  
scientific expedition - he has  
your three previous volumes  
& sets great store by them  
and I hope you will continue

your kindness to him by  
sending him your fourth  
volume & so completing his  
set. I know he values  
the books very highly.

Believe me to remain

Yours sincerely  
Fanny Haddon
