

(L2931)

Tuesday.

Dear General Pitt Rivers

I write one line to say
that my collection of Hittite
and Phœnician things will
continue to be on exhibition
at the Archæol. Institute
all through next week.

I am sure you will be
delighted by a sight of
Petrie's antiquities now on
view in the Egyptian Hall.

I have been out of Town
unable to call for my
letters. Might I ask you
to send them me by parcel
post?

Petrie thinks some of the
Textiles are as old as
200 or 300 years B.C. :-
he agrees with me in
thinking that the purple
patterns are of the
4th Century A.D. - he found
a coin[#] with some of
that description.

Yours sincerely
Greville J. Chester.

If you like it, I can give you
a rude ancient Egyptian doll
with the hair represented by
beads for your Oxford collection.
