Honored Sir

begging pardon for
The Liberty I have taken
in addressing this to you
I write to inform you that
4 weeks ago a postman
bearing your address was
dropped from the waggon
and found by a traveler
half a mile from our house
although it was very heavy
the man brought it out to our
house as he was going on
to Salisbury we ask him
if we should mention

his name but he thought
he might not be this way
again we gave the man
a Shilling⁰⁰ we saw the
address and a day or two
after we gave it in charge
of your Coachman who
promised to mention it
to his Lady but as I have
had no acknowledgement
I thought you might have
known nothing about it

I Beg to remain
your humble
Servant
