

Perhaps when you send it  
you will also mention if a  
drawing or ground plan  
shd be prepared & a  
plate to illustrate it.

Believe me, Sir

Very faithfully yours

M. J. Hunt

Dear Sir -

I received your kind  
note this morning, and  
beg to thank you for your  
kindly consent to contribute  
papers on your excavations  
at Bokerly Dyke, &  
& contribute to our next  
Volume - X. II. of the Proceedings

of the Insect Field Club.  
You ask to know how soon  
it will be wanted, and I  
may say in answer that  
since your paper would  
have special reference  
to the visit of the Club to  
the site last September,  
I should be glad if it could  
appear in this next volume

and since much of the  
material has for some  
time past been in the  
printer's hands I should  
be glad to have the M.S.  
as soon as you conveniently  
can send it to me.

I trust you would not  
mind, if it appeared rather  
towards the end of the volume,  
since several papers are  
already in print -
