Dear Sir

I thank you much
for your obliging offer of
information regarding
Prehistoric Remains men-
tioned or described in my
Handbook. I shall be very
glad to avail myself of it
if you will give me a list
of such Handbooks as you
woud like to see & have not
I wd be glad to send them to
you

It seems to me what is
desired to guide travellers
Lt General A Pitt Rivers had

is a notice of all the most
portant remains - Camp
Circle Stone Mon^{tr} - not at
tempting to describe the
tumulus near camp of
minor importance

If your great experience should
allow you to look over the
Hbk to N. Wales - with this
special object it wd be a great
favor to your dear Sir

Faithfully obliged
John Murray
