Dear General Pitt-Rivers,
You have kindly expressed
a wish that I should undertake
to do a portrait statuette of
one of your daughters with
her child. I shall be happy
to do so, but I think it better
before making any further

arrangements, to tell you

what my present charges are.

For two portrait figures in
terra-cotta such as you described

I ask 50 £, one alone would
be 30 £. I have a good deal

of work to do, and should

you still wish to have the

portraits, I should be glad

as soon as convenient to be

able to fix some definite

time for sittings that I may

fit in my other work.

I hope you have not felt any

bad effects from coming out

yesterday in such bad weather,

it was very good of you and

M^r. Pitt-Rivers to come.

Believe me, yours truly
Edwin Gwynne Jeffrey
