My dear General. Saturday.

You were good enough
to say you would not be bored
with me if I ventured to suggest
coming again to see you at Rushmore.
Shall you be at home during our
Whitsun holidays. If so should I
be in your way if I were to propose
myself for a short visit. We set
away from the Ho of C. on Thursday or
Friday next. I think Friday.

I know you will say at once
if I shall be in your way - as I
can very easily come later on - with
our very kind regards to all your
people.

I remain

Yours very truly
