My dear General

I am sending you
one of the Agincourt
tortoise coins which
I got at Athens, thinking
you might like one as
the origin of our European

Conige. If you have
one already, it will
not take up much
room. I also send an
Opium pipe, which
Amy has brought me
& which I thought
might possibly do
for the museum.

Will you kindly

let Mr Pitt Rivers
have the accompanying
knife, which we brought
back for us from
Atenas.

With all good wishes
for Susan
believe me
Yours most sincerely
John Lubbock

& disseminate Lib. Unit
principles.

Yrs faithfully

Dear General Pitt Rivers,
I think that were
under your proposed
condition you may
safely attend, with
your son, our meeting
at Wimborne on
Wed 23 next, as tho'
we do not confine
our proposed Lib^l

Unionist Assoc: to one
shade, the Whig shade,
of the Liberal Party, but
welcome Radicals who
are in favour of Lib
Unionist principles, still
the question of supporting
a Tory against a
Radical does not arise
now, it is simply a

question of Unionists
against Separatists, &
on all other points you
have of course perfect
liberty of opinion, &
I do consider that in
joining us you join
the side of order &
Liberty, not the side
of disorder & Licence.
our object is to rally
& unite Liberal Unionists
