

Manton. Blandford (L284)
and March 17th/87

Dear General

I attended a good sized
meeting of the local Committee
in the Council Chamber at Salisbury
yesterday, when the programme
of excursions at the ensuing
Summer Gathering of the
R. A. S. was finally arranged.

I read to much of your letter
to me of Decr: 16th last, as related
to the Rushmore Excursion.
& it appeared to be the prevailing
opinion that your second alter-
native route was the preferable

one; viz. to ~~the~~ start from Salisbury,
by bus or by rail via the Strand,
Ford Old Tisbury (Mansoury
at the Woodley Dyke, & the Sal-
mild Street Road) to Tisbury
Museum - thence to Woodcut &
to Rushmore - returning by
Motherley & Widdlebury to
Tisbury. As for programme
this interesting is fixed for
August of the D.V. & Mr. G. G. G.
is of opinion that a good party
to wait for it, (according to his
experience of Valley last days)
- will kindly note the 9th as

The date of our visit to you?
It will be a great point in favour
of this plan that you will be with
us in the earlier days of the
meeting. Your experience will
be most useful at such places
as Vespasian's Camp & Heron's
bury, W. W. W. W. W. - I walked
up & found the latter about
a fortnight ago. It's a fine specimen
of a Celtic Camp, in a grand posi-
tion. Do you know it?

Believe me
Yours sincerely
Talbot M. G. G.
