

BOW HOUSE,
CHRISTCHURCH,
HANTS.

L332

July 5, 1884-

Sir, I am on my return
in receipt of your letter
of June 18 last -

Re Great Bustard I
had not thought of parting
with it as it would
be a pity to break up
my collection which now
amounts to 1500 British
Minea specimens -

If I did anything
I should dispose of

them as a whole about
340 Cases - but this
I suppose would be to
great a number for you
to entertain -

I am Sir
Yours very truly
Edward Hart F.R.S.

To
Lieut Genl. Pitt Rivers -
