Dear Gen. Pitt Rivers

I was very much annoyed
last night on receiving back again,
through the dead letter office, the
enclosed letter, which I wrote to
you in answer to your very
kind invitation to Rushmore
for next week. The letter
miscarried through my having
addressed it to Grosvenor "Place"

instead of 'Gardens' a mistake
which I cannot quite account
for making. As it shows
the weakness of Postal ar-
rangements I have forwarded
the envelope to the Secretary
of the Post Office who I hope
will enquire into the matter.

I am afraid it will be
all I can do to get to
Manchester to the Post Office
Association in the beginning
of Sept: as I am obliged
to remain in town on duty

during this month.

Regretting very much the
circumstances which has
occurred to delay my letter

Believe me

Yours very truly
J. G. Garrison
