Dear Sir

I am sending you
some of the old tobacco
pipes - found here, in
making the drains & in
gardens.

I hardly know whether
they will be worth your
acceptance for your
very interesting museum
at Faruhams.

There is a nice paper on
the pipes by my late

friend Edward Stevens
 in his *Notings* for the
 Salisbury Meeting of the
 W. A. L. N. H. Society in
 August 1876. - It has
 been reissued by his
 son - I think last year.
 May I thank you for
 the very pleasant &
 enjoyable day at Rush -
 -more on the 9th - I
 hardly know when I
 have had such a

delightful day.

faithfully yours

W. D. Willkes

Gen^l Pitt-Rivers.
