Dear General Pitt Rivers,

I hope that you will  
forgive me for troubling you  
at all about Meldola's abstract  
of some remarks which I made  
on the difficulties in the way of  
preserving our national monuments.  
I don't know what he has  
made me say - and I ought not

to have written about it to  
you - I have telegraphed him  
to omit my remarks altogether

We are getting on in  
scheduling the Isle of Man  
antiquities.

I have heard lately of  
the discovery of an Anglian  
mining village near  
Grantham, which ought to  
be seen to. I have no time

THE ORDNANCE SURVEY

BRISTOL

with kind regards

Yours truly
