Dear Genl. Pitt Rivers

It was most kind of you to write so fully about the stone implements, and many thanks for your interesting letter giving such clear directions for finding the arrowheads, which I am so very anxious to get.

But when you say look in any ploughed field

HYDE PARK CORNER S W
S. S. GEORGE'S PLACE

there was not a ploughed field to be seen in
20 miles round our house, or we should have
been more fortunate.

Nevertheless we have found some of most
encouraging-looking sheeps, down near brooks
and also built into the rough walls of the fields
but we are not experienced enough to judge

whether they are genuine.

I should much like to show you some that
I have & to hear your opinion of them
& now that we are back in London again
we hope you may find time to come in &
talk them over. Mamma would be so pleased
if you would come in to tea, any day when
you are passing near, about 4 o'clock.

Believe me

Very sincerely yours
Agnes S. Baden-Powell
