

Thank it kind of you  
to advance some  
sum.

How a nice picture  
of (our) house to show you  
when you next come by  
W. Clark. Perhaps you will  
some day  
like yourself to patronize  
him as a Dorset artist.

With kindest regards to  
Mrs Rivers, I am  
very sincerely yours  
John Barrow

My dear General

You will I think remember  
that you expressed a kindly interest  
in the fortunes of our old Church  
House in Salisbury & gave me  
leave to lay before you my plan for  
liquidating the debt upon it  
(about 2000 £) - My plan is  
to borrow the money at low  
interest on a tithe interest

scale  
gradual

to spend the money which  
now goes to paying interest  
at 4% in gradually  
repaying the principal in  
10  $\frac{1}{2}$  shares - to draw  
2000  $\frac{1}{2}$  shares.  
Every year.

Suppose an unrepaid  
100  $\frac{1}{2}$  at this plan  
without interest  
& a few other whom

Have privately consulted  
with lend some the same  
some less - so that we  
have now 500  $\frac{1}{2}$  provided  
on this account.

If you could spare us  
100  $\frac{1}{2}$  without interest  
as a loan it would  
be a great support  
to me - but I shall
