Dear Sir/

Last evening a friend was showing me some of his recent purchases at an auction, and among them were 15 Photographic views (size of view $12\frac{1}{2} \times 9$) on mounts by Hammerschmidt, of the Pyramids, sphinx, and other Egyptian Scenes, also places of interest in Turkey, very clean & perfect, he said, having no particular interest in these scenes, he would let me have them for an all round sum of 4/- a plate, £3. for the lot. I at once thought maybe you might like them in connection with your labours in the Nile valley,

hence the penning of these lines,
& awaiting your pleasure

Believe me
Yours Truly
Chas. Bennett.
