Memorandum

From ALBERT BANKES, Esq.,
Wolfeton House,
DORCHESTER,
Dorset.

To Dear General Pitt Rivers.

Dorchester School of Art.

I have been requested by the Committee of the Dorchester School of Art to ask if you would do them the very great kindness of giving a short address of about half an hour or more on Monday Feb 20th at 8 P.M.

I have been appointed one of the two Hon. Sec^s of the school of art this year & I am most anxious that our Annual Meeting should be a great success & I am therefore requested to invite you to give the address & to ask Mr. Damer to
^{I am also}
^

give away the prizes - If you would
come & dine & stay with us we should
be so glad of this excuse to get you
down and if you would tell us the
hour of your arrival at Doncaster
we would send to meet you at the
station - I hope you will be able
to come as it will just make
the difference as to the meeting being
a success or not - A very similar
address to your last would be
just what we want & I am told
that the diagrams or sketches you
brought with you were most interesting &
much appreciated - I was away from
home when you came last time so I
am very anxious to hear the address.

I shall be very grateful if you will
let me have a reply at your early convenience
as I want to let everyone know so as to
let a crowded room -

Yours very truly

Albert Parker.

Our kindest regards to Mr. Pitt Rivers & yourself.
