Dear General Rivers

In 1857 the Rev. W. C. Lubbock F. S. A., being then a Secretary of the Wilts Archaeological Society, published an Account of the Church Bells of Wiltshire, - but omitted that at Tollard Royal, & perhaps others -

He is now resident at
Watte Rectory, Ripon -
I write to him by
this post inclosing
the copy of the inscription
which you sent to me -
as I believe him to
have had much
experience in such
things -

When I receive his
reply you shall

know the result -

Yrs very truly
H. Milman.
