My dear Sir,

Will it be convenient to you to take charge of your two portraits before next Tuesday? We require to clear out every thing before August, and are now packing up. There is a box for the money if you wish to send it to the country. I shall be here everyday till the packing is done, & ready to deliver your things. Have put aside a perfect flint knife & five other good pieces, all circa 1400 B.C. for you, as you wished

for some examples.

The money postment was settled
at £27, the other postment £18,
+ ~~Expense~~ £5 will not be out
of the way for the flint: £50 in all.

Yours very truly,

Wm. Flinders Petrie.
