

LS16

7 1886

July 5.

CASTLEWELLAN,

CO. DOWN.

My dear General

I find we have 10 black swans,
so you shall have a pair with
pleasure. It will take a few
days to catch them, so will
you send directions how they
should go (from Belfast) -
they will be in a crate.

I send you an old list of the
things we keep here.

Very truly yrs

Wm. A. L.
