Sr Museum

I have read with some
the report in Tristram Papers
of your address on Museums
and take the liberty of
asking if your remarks
have been reported or
printed in extenso. A
Museum has just been
opened here in connection
with the Free Library, and
as a member of the Com-
mittee of that institution, I
should like to use my
influence to join the
Museum on the lines

best adapted for educational
purposes. at present most
of the objects in the
Museum are loans but
by degrees the committee
will acquire objects for
permanent exhibition and
I should like those objects
to be acquired with some
well defined purpose in
view. Your paper will
probably assist in forming
a judgment in the
matter

Excuse me for troubling
you in the matter

I am

Yours faithfully

W. S. Jones

Deputy Genl Pitt Rivers
