Dear General Pitt Rivers,

The whole of the discussion on Mr Harrison's paper, so far as we were able to get it, was given by Dr Parson to Mr Walter, who undertook to get it into the 'Times'. I suppose he failed to persuade the Editor of its importance, but I will write to him & ask what

has become of it. I do not quite know how the discussion can be published separately, but we might try some other paper - 'Morning Post' - 'Standard' - or 'Chronicle'.

Yours very sincerely,

Geo. W. Huxham
