

Amos

(L542)

The Close Salisbury
Nov. 5 1888

Dear Sir,

As Chairman of
the Museum Committee I take
the liberty of renewing the
Application made to you by the
Committee last year, for the
favour of a lecture on the
Results of your Exploration in
your own neighbourhood.

I do so with the less hesitation

because I believe it was only a
press of business, which prevented
your acceding to the request of the
Committee last year.

We are endeavouring this year to
provide for the series as far as possible
before commencing - Our hope is to
have them ^{lectures} on 2 Monday Evenings
in November (12th & 19th) on the 10th
Decr - on the 14th & 21st of Jan^{ry}
& on the 11th & 18th February - Dr
Blackmore lectures on the 12th Novr -
I believe Mr Morris will give a

Lecture on Birds on Jan 16th - If you
favourably entertain this application
& will do us the further favour of
harrning the evening which will
best suit you you will greatly
oblige the Committee & myself

I am

Dear Sir

Yrs Truly

Wm. Knapsey

Genl Pitt Rivers
