WHATCOMBE,
BLANDFORD.
—AND TELEGRAPH—

October 30. 1851

My dear General Pitt Rivers

I was very glad
to receive your letter this
morning and to find that
you have returned safe
from your tour of inspection
owing to a paucity of labour
at Hantsport I have been
obliged to suspend affairs the
week from the 1st for a
few days - the want of
industry & to do with from
a further impediment -
I intend sorting out all
the varieties of pottery &
sending them to you for
identification there are
at least ten varieties

What are you doing about
County Council? I
enclose you my address
to the Metropolitan Board
I am in hopes I shall
not be opposed.

If you meet your letter to

Mr. Porter
Thomas Diller
Surrey

It will find him -

Please remember us very
kindly to Mrs Pitt-Rivers
& believe me

Yours very truly

A. Murray Sherwell
